I. STATEMENT OF WORK.

1.1. **PURPOSE.** Contractor shall provide fire sprinkler system inspection and testing services for each fire sprinkler system at each state facility listed in Exhibit A – TFC Building and Equipment List, attached hereto and incorporated herein for all purposes. The systems listed in Exhibit A – TFC Building and Equipment List are representative of the known systems in each facility and may or may not be all inclusive; however, Contractor shall be responsible for the inspection and testing of all sprinkler systems in each facility whether listed or not.

1.2. **SCHEDULES.** The schedules for all inspections and testing shall be approved by the TFC contract administrator, as defined in Section 1.4 below (hereinafter referred to as "Contract Administrator"). All schedules must be submitted and approved thirty (30) days prior to an inspection and any associated testing, and may only be altered at the discretion of the TFC Contract Administrator.

1.3. **PROJECT COMPLETION TIME.** Contractor must perform work within timeframe agreed upon by Contractor and TFC prior to beginning work. If Contractor cannot perform work within timeframe stated, Contractor may be subject to liquidated damages up to twenty percent (20%) of the total cost of a project.

For testing and/or inspection of the fire sprinkler systems at least one member of the test and/or inspection team shall hold a valid RME-(I) by the Texas Department of Insurance State Fire Marshal's Office. The individual holding the license(s) shall be present on site at the time of testing and/or inspection of the systems and shall perform the tests and/or inspections and place the appropriate tag on the systems upon completion of the test and/or inspection and prepare the inspection reports. Contractor shall also provide all necessary equipment to conduct testing, including a reliable means of two-way communication such as two-way radios, at no additional cost to TFC.

(e) While conducting a test, Contractor shall not leave a floor, area of a building, or building isolated from the fire pump at any time or for any reason. (Only exception; physically monitoring fire panel for the duration of the fire pump being isolated by one member of a qualified team).

Contractor shall provide one (1) signed, electronic copy of the inspection report within five (5) business days after testing if fire sprinkler systems are found to be within compliance. If any violations or impairments are found, an inspection report shall be generated to the contract administrator the same business day. All inspection reports shall be type written or computer generated. Reports documenting the testing and/or inspection of a fire sprinkler system shall be on a form that is acceptable to TFC and Contractor shall submit a copy of the proposed form to the TFC Contract Administrator for approval prior to use. In addition, an inspection and testing report must be accompanied by a Service Ticket, scanned and submitted electronically. When deficiencies and/or code violations are discovered by the Contractor during an inspection or test, they shall be documented and clearly identified per line item as a part of the inspection and/or test report after consultation with the TFC Contract Administrator. Each deficiency shall be identified as a “Red Tag” or “Yellow Tag” deficiency as indicated in Title 28, Texas Administrative Code, Chapter 34.

(g) TFC shall be notified of all deficiencies and or impairments consisting of any area without fire protection within two hours of discovering the issue by phone and email. TFC shall be notified within the same business day of all other deficiencies by phone and email.

(h) Any items that may be recommended by a manufacturer or contractor but that are not a code violation or deficiency that are recommended by the Contractor shall be listed separately on the inspection and/or test report and identified as recommendations only.

Further, Contractor shall engage any additional outside services which may be necessary to facilitate repairs until services and facilities are restored. All costs involved in making repairs and restoring disrupted services and facilities shall be borne by Contractor, and Contractor shall be fully responsible for any and all claims resulting from the damage. The Contract Administrator may elect to perform such repairs and deduct the cost of such repairs, replacements, and outside services from amounts due to Contractor. Upon the approval of the Contract Administrator, Contractor shall have the right to utilize air, water, gas, steam, electricity, and similar items of expense from existing outlets at TFC property.

The defaulting Contractor will not be considered in the re-solicitation and may not be considered in future solicitations for the same type of work, unless the scope of work is significantly changed.

(b) Termination without Default. TFC may, at its sole option and discretion, terminate this Contract at any time, for any reason whatsoever, in whole or in part, by giving written notice (the "Notice of Termination") to Contractor at least thirty (30) days prior to the effective date of termination or reduction in the scope of work. TFC may request other information about the change and its impact on the Contract and Contractor shall supply the requested information within five (5) working days of receipt of the request. All written notifications of organizational change must include a detailed statement specifying the change and supporting documentation evidencing continued right of Contractor or successor entity, as applicable, to maintain its status as a party to this Contract.

(b) TFC may terminate the Contract due to any change to Contractor that materially alters Contractor's ability to perform under the Contract.

10.11. **GOVERNING LAW AND VENUE.** This Contract and the rights and obligations of the parties hereto shall be governed by, and construed according to, the laws of the State of Texas, exclusive of conflicts of law provisions. Venue of any suit brought under this Contract shall be in a court of competent jurisdiction in Travis County, Texas. Contractor irrevocably waives any objection, including any objection to personal jurisdiction or proper venue or based on the grounds of forum non conveniens, which it may now or hereafter have to the filing of any action or proceeding in such jurisdiction in respect of this Contract or any document related hereto. **Nothing in this section shall be construed as a waiver of sovereign immunity by TFC.**

10.12. **SEVERABILITY.** If any provision contained in this Contract is held to be unenforceable by a court of law or equity, this Contract shall be construed as if such provision did not exist and the non-enforceability of such provision shall not be held to render any other provision or provisions of this Contract unenforceable.

10.13. **PROPER AUTHORITY.** The parties hereto represent and warrant that the person executing this Contract on behalf of each party has full power and authority to enter into this Contract. Contractor acknowledges Contract is effective for the period of time specified in the Contract. Any services performed by Contractor before this Contract is effective or after it ceases to be effective are performed at the sole risk of Contractor.

10.14. **FORCE MAJEURE.** Any delays in or failure of performance by either party, except in respect of the obligation of payments under this Contract, shall not constitute default hereunder if and to the extent such delays or failure of performance are caused by occurrence(s) beyond the reasonable control of the party affected, and which by the exercise of due diligence such party is unable to prevent, herein called "Force Majeure," including acts of God or the public enemy, sabotage, war, mobilization, revolution, civil unrest, riots, strikes, lockouts, fires, accidents breakdowns, or floods, earthquakes, hurricanes or any other natural disaster or governmental actions. In any such event, the party claiming Force Majeure shall promptly notify the other party of the Force Majeure event in writing and, if possible, such notice shall set forth the extent and duration thereof. The party claiming Force Majeure shall exercise due diligence to prevent, eliminate, or overcome such Force Majeure event where it is possible to do so and resume performance at the earliest possible date. However, if non-performance continues for more than thirty (30) days, TFC may terminate this Contract immediately upon written notification to Contractor.

10.15. **LABOR ACTIVITY.** If any strike, boycott, picketing, work stoppage, slowdown, or other labor activity is directed against the Contractor at TFC's facility, which results in the curtailment or discontinuation of services performed herein, TFC shall have the right during said period to employ any means legally permissible to have the work performed.

10.16. **DISPUTE RESOLUTION.** The dispute resolution process provided for in Chapter 2260 of the Texas Government Code must be used by the parties to attempt to resolve all disputes arising under this Contract.

10.17. **COUNTERPARTS.** This Contract may be executed in any number of counterparts, each of which shall be an original, and each such counterpart shall together constitute but one and the same agreement.

10.18. **NO WAIVER.** Nothing in this Contract shall be construed as a waiver of sovereign immunity by the State of Texas. This Contract shall not constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the State of Texas. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to the State of Texas under this Contract or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel. TFC does not waive any privileges, rights, defenses, or immunities available to TFC by entering into this Contract or by its conduct prior to or subsequent to entering into this Contract.

10.19. **FALSE STATEMENTS; BREACH OF REPRESENTATIONS.** By signature to this Contract, Contractor makes all the representations, warranties, guarantees, certifications and affirmations included in this Contract. If Contractor signs this Contract with a false statement or it is subsequently determined that Contractor has violated any of the representations, warranties, guarantees, certifications or affirmations included in this Contract, Contractor shall be in default under this Contract, and TFC may terminate or void this Contract for cause and pursue other remedies available to TFC under this Contract and applicable law.

Contractor employees and subcontracts who work in case-sensitive areas shall be required to submit to a criminal history background check. If requested by TFC, a complete criminal background check shall be completed before any employee performs services at the site. Criminal background checks must be performed by the Texas Department of Public Safety ("DPS") and must be on the form provide by TFC.

I. CRIMINAL HISTORY CRITERIA

Employers should use the following criminal history criteria when hiring employees to perform work for TFC. Any employee failing to meet the minimum standard will be denied. If special circumstances exist, please contact the TFC representative for clarification or further consideration.

A conviction or deferred adjudication for one of the following offenses will result in the **permanent disqualification** of a person from eligibility to provide contractual services with Texas Facilities Commission:

- (i) any act causing death as defined in Texas Penal Code; and
- (ii) any felony or misdemeanor involving arson, burglary, breach of computer security, credit card abuse, counterfeiting, forgery, kidnapping, robbery, stalking, terroristic threat, theft, and any sexual offense designated as a felony in Texas Penal Code.

Additionally, anyone who has a current duty to register as a sex offender, is under indictment or is a fugitive from justice is disqualified.

For individuals who have a conviction or deferred adjudication for felonies not enumerated above, 10 years must have passed from the time of disposition or discharge of probation in order for that person to be eligible to provide contractual services with the TFC.

For individuals who have a misdemeanor conviction or deferred adjudication for misdemeanors not enumerated above, 5 years must have passed from the time of disposition or discharge of probation in order for that person to be eligible to provide contractual services with the TFC.

II. CRIMINAL BACKGROUND PROCESS

DPS has entered into an exclusive contract with Identogo Centers, formerly L-1 Enrollment Services, operated by MorphoTrust USA. Identogo by MorphoTrust is the exclusive live scan fingerprinting provider for DPS. All TFC contractors that are subject to TFC criminal background check requirements must create an account with Identogo in accordance with the Identogo Account Application and requirements attached hereto as "Attachment A". Thereafter, all contractor employees and subcontractors must follow the registration procedures attached hereto as "Attachment A" including using the *Texas Facilities Commission Service Code 11G6ZN*. All necessary instructions and information to schedule a fingerprint appointment is included in Attachment A. In addition, the only service code accepted by DPS for a TFC criminal background check is the service code provided in Attachment A, hereto, therefore, if an individual does not use the service code in Attachment A, he or she may be required to repeat the process at the expense of contractor. Contractors can begin the process by simply clicking on this link:

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- 11.2 percent for heavy construction other than building contracts,
- 21.1 percent for all building construction, including general contractors and operative builders' contracts,
- 32.9 percent for all special trade construction contracts,
- 23.7 percent for professional services contracts,
- 26.0 percent for all other services contracts, and
- 21.1 percent for commodities contracts.

-- Agency Special Instructions/Additional Requirements --

In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent does not have a continuous contract* in place for more than five (5) years shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

***Continuous Contract:** Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

"Continuous Contract": Any existing written agreement (including any renewals that are exercised) between a prime contractor and a HUB vendor, where the HUB vendor provides the prime contractor with goods or service, to include under the same contract for a specified period of time. The frequency the HUB vendor is utilized or paid during the term of the contract is not relevant to whether the contract is considered continuous. Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

- - Agency Special Instructions/Additional Requirements - -

In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent does not have a continuous contract* in place for more than five (5) years shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.

SECTION 4: AFFIRMATION

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at <https://www.comptroller.texas.gov/purchasing/docs/hub-forms/ProgressAssessmentReportForm.xls>).
- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.
